

FB-L

ELECTRIC STEAM BOILERS

12kW to 1000kW

- ▶ ZERO NO_x EMISSIONS
- ▶ QUIET AND SAFE OPERATION
- ▶ NEARLY 100% EFFICIENT

EFFICIENT, QUIET, SAFE OPERATION

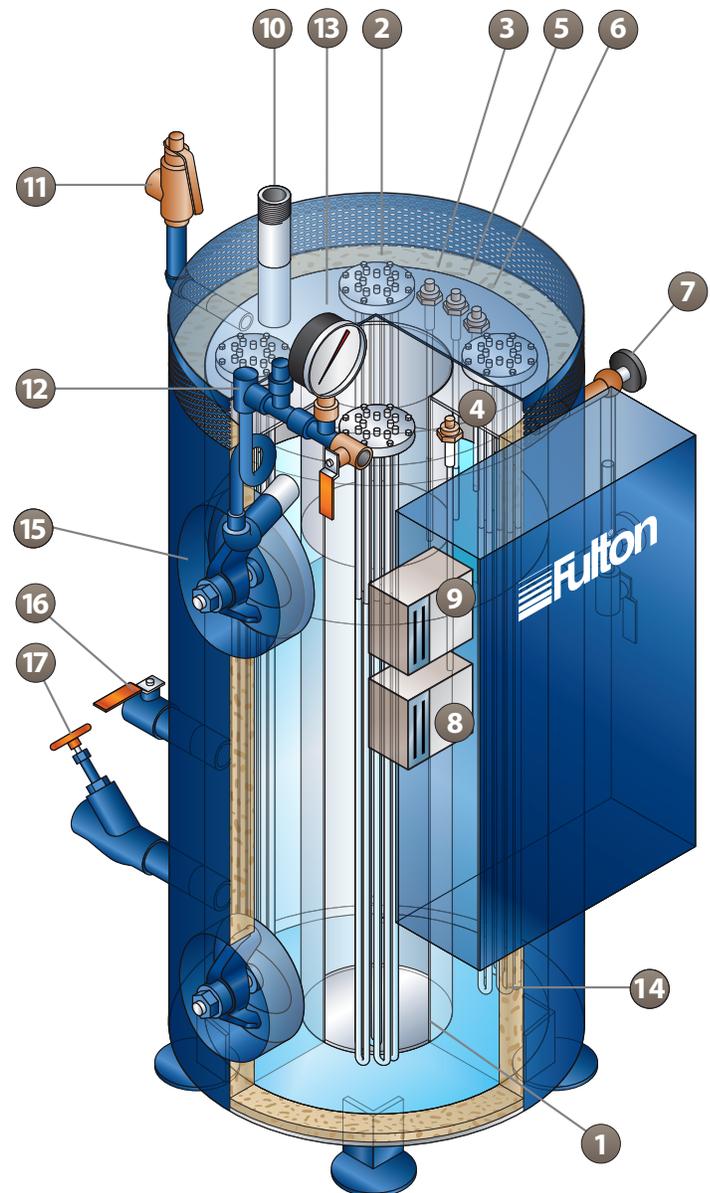

Fulton manufactures a complete line of electric steam (FB-L) from 12 kW to 1,000 kW (1.2 to 100 BHP) up to 150 PSI for heating and process applications.

Fulton's vertical design is a fully packaged steam boiler built to ASME specifications and applicable standards and codes. They are very efficient because the heating elements are totally immersed in water and the pressure vessel is fully insulated. Radiation losses are minimal. With a carefully calculated heat-to-steam ratio, operating pressures are achieved quickly with maximum efficiency. Electric boilers have no wasted fuel going out the stack as associated with fossil fuels; therefore, electric boilers are environmentally friendly. No NOx (nitrogen oxides) are being transmitted to the atmosphere.

BETTER BY DESIGN

A LOOK INSIDE:

1. Pressure Vessel Is Built To ASME Code
2. Electric Heating Elements
3. Low Water Cut Off Probe
4. Auxiliary Low Water Cut Off Probe
5. Pump "On" Probe
6. Pump "Off" Probe
7. Sight Glass Assembly
8. Operating Pressure Control

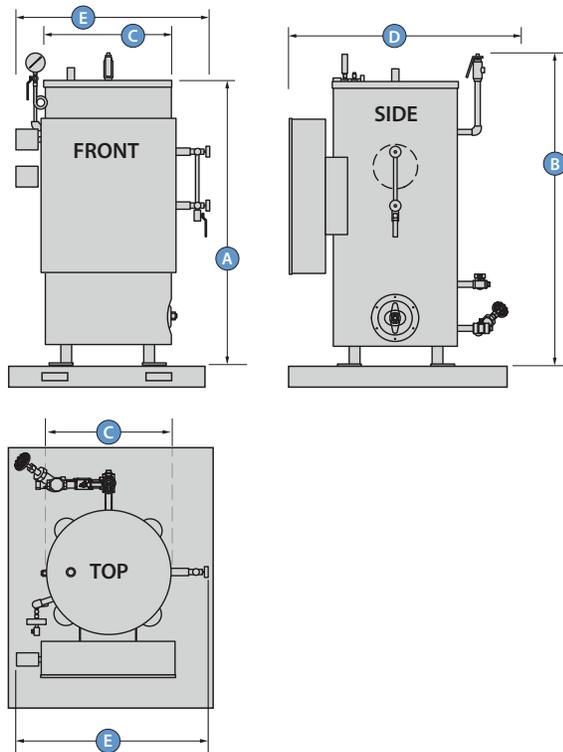

9. High Limit Pressure Control
10. Steam Outlet
11. Safety Valve
12. Steam Gauge Assembly
13. Steam Pressure Gauge
14. High Temp Insulation Surrounds The Vessel
15. Large (3" x 4") Easily Access Handholes
16. Feedwater Shut-Off Valve
17. Blowdown Valve

FB-L MODEL

Specifications and Dimensions are approximate. We reserve the right to change specifications and/or dimensions without notice. Voltage applied higher than above ratings will result in higher amp draws.

Notes: * Indicates voltages may be available at special request.
 ** Steam output ratings, at 212°F feedwater. (0 PSIG)

OPTIMIZE YOUR BOILER SYSTEM

Fulton has been a family owned manufacturer of heat transfer equipment since 1949. FB-L and FB-W boilers are available through a worldwide network of authorized representatives. Your local representative will assist you in the selection of Fulton equipment to best meet your application needs.
